

MCS Committee Meeting 06.07.22

Agenda

Present: JRJ, MN, SF, DM

Apologies: MT, CC, JDI

Safeguarding update (MT)

- There have been no safeguarding incidents since the last committee meeting
- As per British Cycling, all volunteers aged 16 or over regularly working with young people must complete a Safeguarding training course every three years and have a DBS check completed. This includes helpers as well as qualified coaches. New volunteers should register with Mike Tibbits (chairman@malvernccyclesport.org.uk) to begin this process.
- All currently registered regularly volunteers who are not up to date have been emailed on 24/06/22 by Mike Tibbits and asked to update their Safeguarding training, first aid training or DBS check as required.
- When completing the DBS check, the name Ashley Wallace (ashleywallace@britishcycling.org.uk) can be inputted as a contact for verifying documents, rather than the Post Office check.

To be discussed further at the next meeting.

Club coaching & Mayor's Bonanza (EM/JDA)

We have had a request from the town council for help with Mayor's Bonanza on 28th August, but difficulty with availability of coaches. Would like to do something though and five or six helpers are needed. Request sent out to club members by email and bulletin, and also Facebook group. JRJ to agree text with EM.

Club members' day/event in September (JRJ)

Suggestions for an alternative venue, thank you awards for coaches and volunteers and specific invites sent out in advance. Date provisionally agreed for Saturday 24th September. JRJ to research location.

Membership update (MN/DM)

241 members of which 162 are seniors and 79 juniors

Finance update (CC)

Current balance £9310.27

Club kit (SF)

Awaiting contact back from Kalas. SF to chase the Kalas contact and to provide text for bulletin. Consider incentives for people buying kit – SF to find out costs of peripherals such as socks, caps, buffs.

Bulletin items (JRJ)

- Mayor's Bonanza
- Membership update
- Social event

- Junior coaching update
- New kit

AOB

- Queen's baton relay – MN to contact RB
